

The Idaho State Legislature made an amendment to the Idaho Emergency Communications Act during the 2008 legislative session that provides funding to help counties upgrade their 9-1-1 systems. The legislation allowing counties to collect the Enhanced Emergency Communications Grant Fee ("Grant Fee") was signed by Governor Otter on April 9, 2008 and is effective July 1, 2008. This fee is .25¢ per line per month in addition to the current emergency communication or 9-1-1 fee.

In order to collect the Grant Fee, each Board of County Commissioners must pass a resolution to begin collecting the Grant Fee. We will update this website each time the Commission is informed that a county has passed a resolution adopting the Grant Fee.
